

Technical drawing of a bridge structure, likely a girder bridge, showing dimensions and components. The drawing includes a cross-section and a plan view.

Dimensions:

- Overall width: 3000
- Span length: 1000*
- Bridge height (from ground level): 2500 NOMINAL
- Bridge height (from base): 1810
- Bridge height (from base): 1510
- Bridge height (from base): 300
- Bridge height (from base): 500

Components:

- GROUND LEVEL
- "C"
- 1, 2, 3, 4 (Callouts to bridge components)
- 5 (Callout to the base)

11m POLE

1000*

1000*

This technical drawing illustrates the layout of a bridge deck. Two vertical poles are shown, labeled '11m POLE' and '15m POLE'. The distance between the centerlines of these poles is 2950 units. The deck width is indicated as 1000* on both sides of the central axis. Numbered callouts (1-8) point to specific structural details. A note on the right indicates '150 TOPSOIL WHERE REQD'. The drawing includes hatched areas representing the deck edges and ground level.
